# FOOMA JAPAN 2022, A Line-up of Innovative Machinery from Over 700 Exhibitors in the Food Manufacturing Process!

FOOMA JAPAN is back in Tokyo after three years.

A concentration of cutting-edge food manufacturing and processing machinery, technology and services responding to the present-day never-ending transformation that sees a great turning point in life in society, and advancing diversity on the food scene. It is the perfect opportunity to experience next-generational standards through the real operation of real machinery in all fields of the food manufacturing process, from labor-reducing, automated cutting-edge machinery, robots and AI to food hygiene management.

## Innovative Projects Start!

### STARTUP ZONE

A "Start-up zone" will be newly established to revolutionize food solutions. Numerous start-ups will be exhibiting that come from Japan's superlative venture companies, food tech brought about by science and technology, etc.

### FOOMA Award

The "FOOMA Award", celebrating the results of epochal technological research and development, will be inaugurated. Awards will be newly given to Japan's best food manufacturing and processing technology, presenting technological capability to the world as well as offering users the opportunity of introduction to it.

## The Exhibition Has Been Scaled Up with the Addition of the Deli and Food Tech Fields

The Deli Manufacturing and Processing Field and the Food Technology Field have been newly exhibited. In addition, advanced IT, IoT, and AI-integrated products such as Japan's world-renowned robots for the food industry, manufacturing management systems and remote factory monitoring systems are also exhibited.

## FOOMA Collect

FOOMA Collect is an information exchange service that connects visitors and exhibitors. By having exhibitors who use the service scan your admission pass, you will have access to their digital brochure by downloading it to your online visitor account.
